MEDIAKIT

2022 Edition

SPHERE relates the story of the Swiss financial center and the way it is moving forward. Not as it is today, but more likely as it should be tomorrow. The magazine showcases the men and women who give it a head start.

The magazine obeys the codes of periodicals «lifestyle». The layout has been conceived so that sections are alive and invigorate the reading. We're not sure that blockchain is entertaining, but we're working publication after publication to make SPHERE as enjoyable to read as fun to watch. **SPHERE has two separate editions, French and German, and is printed on recycled paper.**

This staging is based on well-developed editorial guidelines and graphic principles. SPHERE is a specialist magazine which abides by the codes and rules of high-end press periodicals, especially in terms of clarity, readability and attractiveness. In that way, we have managed to create a rewarding environment for our partners and their brands, whether it means delivering a high-quality audience or assembling premium content.

MEDIA STRATEGY

Beyond power, affinity, audience engagement, a particularly rewarding environment for brands which also want to enhance their image

The SPHERE editorial team is comprised of seasoned professionals with a strong expertise in both communication/medias and the banking and financial industry. This unique mastery of financial products and services combined with outstanding journalistic skills insure the brand's high-end positioning.
